

GIGI STUDIOS PRESENTS ROOTS, A CAPSULE COLLECTION INSPIRED BY THE POWER OF NATURE.

Inspired by the resilience of the earth, the cycles of nature, and the slow unfolding of nature, ROOTS is a tribute to growth, rootedness, and transformation.

The collection combines precise geometric lines with organic shapes, achieving a balance between structure and unpredictability. Dense, serene autumn tones convey authenticity and permanence. In collaboration with Mazzucchelli, exclusive acetates featuring mineral-like veins have been developed, adding chromatic richness and visual depth.

Among the most representative models are Shale, an oversized square frame with strong character and definition, and Moss, a green marbled cat-eye with organic nuances. Brume and Amber also stand out, combining small rectangular silhouettes with sophisticated mineral finishes that express strength and modernity. The color palette includes black, havana, brown, green and grey, reinforcing the authenticity of each frame.

ROOTS reflects GIGI STUDIOS' ability to balance design, materials and technique, creating silhouettes that connect the classic with the contemporary in constant dialogue with nature.
