GIGI STUDIOS PRESENTS THE MARCH CAPSULE COLLECTION PORTRAIT SERIES

PORTRAIT SERIES is a declaration of character. Eyewear that expresses identity, defined by inner strength and an unmistakable presence. Timeless designs, elevated through precise lines and sculptural forms.

As a continuation of the Spring Summer 2026 collection, the March capsule explores GIGI STUDIOS' distinctive codes through new chromatic interpretations and contemporary finishes.

Tricolour laminations are established as a key element of identity, adding visual depth and character to each frame.

The introduction of on-trend tones and contemporary forms results in a sophisticated and balanced proposal, where compact silhouettes coexist with expressive volumes, projecting the brand's essence into the present with a precise and refined perspective.
